# ARE YOU READY FOR A RETURN TO COMMON SENSE?

“As a candidate for the *People’s Party of Canada*, I believe in a future where governments put Canadians *first*. Where politicians and bureaucrats get out of the way rather than trying to control every aspect of our lives. Where we as Canadians are UNITED in pursuit of common goals, rather than divided in identity politics. Let’s work together to return Canada to its rightful status as The True North Strong and Free.”

—Wayne Baker, PPC candidate for Perth-Wellington

# Why people are voting for Wayne Baker and The People's Party of Canada....

"I am voting for a party other than the CPC for the first time. I have lost respect for the CPC under Erin O'Toole's leadership. I am opposed to mandatory vaccines and vaccine passports. **The PPC is the only party taking a stand against this tyranny.**"—*Les Martin, PSW, Clifford*

"I am voting for the PPC because I am deeply concerned as to the direction Canada is heading socially and politically. **It is my duty to stand up for Canada and not betray my family who fought to protect freedoms we so readily take for granted but are paramount in upholding now in these extraordinary times.**"

—*Gillian Semple, Living End Doula and Grief Educator, Stratford*

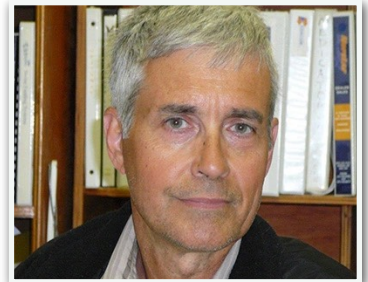

"Over the last eighteen months, the PPC is **the only party that has constantly spoken out against the loss and abuses of Canadians' personal rights and freedoms.** If Canada is to get back on the right track and be governed by a party that firmly believes in true democracy and freedom then we need to be governed by the People's Party of Canada."—*Pat Kelly, W.G. Kelly Construction, Mitchell*

"We are so thankful that we can in good conscience vote for a party that is truly 'for the people.' No longer silent, we stand with Wayne Baker and the PPC because **we support freedom of choice and a sensible down-to-earth approach to government**—where the people have input. We desire to leave a better Canada for our children and grandchildren. Together, let's make common sense normal again! It may be our last chance!"—*Tony and Mary Ann Giesen, Drayton*

"The PPC Party presents the only common sense, rational alternative to the present ruling political establishment. **The PPC offers hope, positivity and true democracy to replace the atmosphere of fear, anxiety and extreme authority that is the modus operandi of all of the three main political parties.** Of all the reasons to vote for the PPC is that our children's freedom and future depends on it. It is the only practical, realistic choice on Sept. 20!"
